

Iver/Stoke Poges/George Green

Neighbourhood Team

Your neighbourhood team consists of
Sergeant 0035 Shaunagh HALL
PCSO 6801 Roy FISHER
PCSO 9853 Eloise WARING

Neighbourhood Priorities

The priorities for your Neighbourhood Policing Team (NHPT) will be decided by the Policing Issues Panel; comprised of local volunteers, and representatives from Community Boards from across South Buckinghamshire policing area. The Police do not run the panel, although we do attend as representatives. This allows us to speak to a wide cross-section of the community, find out what most needs improvement in the area, and considering how we and others can accomplish these aims. The top three priorities are chosen by the forum every three months and are then assumed by your Neighbourhood Policing Team. If you wish to learn more please use the following hyperlink: [Chiltern & South Bucks Policing Issues Forum – Community and Neighbourhood Police stronger together \(csb-forum.org\)](https://www.csb-forum.org)

You Said – Speeding is a concern

We Did:

Our Road Safety vans and fixed cameras provide enforcement and a visual deterrent across the area. Their aim is to help support you to reduce the speed of traffic, making the roads safer for all road users, and reduce the risk of injury, collisions and casualties in your district.

Figures from the Road Safety Mobile and Speed Enforcement Team show the following:
Oct; 950 tickets from mobile enforcement & 73 tickets from fixed cameras.
Nov; 564 tickets from mobile enforcement & 89 tickets from fixed cameras.

Neighbourhood Officers have not been able to complete speed checks due to other commitments and poor weather conditions during this quarter.

In addition, we have our Community Speed Watch scheme. If you are a member of your community who feels strongly about speeding, this could be a great opportunity to assist in preventing it. You would be volunteering your time to monitor speeds in areas highlighted as a concern by fellow residents. This is an advisory scheme which looks to warn speeders about the risks they present and the possible consequences of their behaviour on the road. This has been significantly effective, with a 96% success rate in preventing re-offending. If you are interested in helping out, then please contact PC

Lee Turnham, Community Speedwatch Co-ordinator

You Said – Burglary is a concern

We Did:

In the seasonal period running up to Christmas time, we expected to see a rise in residential burglaries. This is primarily due to a combination of increased hours of darkness and the increased prospect of people having more valuables in their homes due to the purchase and storage of Christmas presents. These factors makes this period of the year a lucrative time for burglars to offend.

Operation Grotto was the South Buckinghamshire LPA's crime initiative to focus on the habitual rise in burglaries, this ran from October time until the New Year. Police conducted an increased number of overt patrols, with a focus on identified high-risk areas for residential burglary. Homeowners were left with our crime prevention letter written by neighbourhood police inspector James Ellis. If you would like a copy of this, you can download it at: <https://www.csb-forum.org/operation-grotto-the-most-important-partner-we-can-work-with-is-you/>

Burglary is a national issue, with Organised Crime Groups targeting properties across the UK. One group are targeting large houses that are often secluded or backed by wide open land. Entry is frequently made via the first floor with garden furniture or ladders being used to access these windows.

Offending levels for Burglary have increased slightly this quarter with three in October, five in November and five in December.

The Priority Crime Team advised that 25 persons have been charged/summonsed or cautioned this year for burglaries. The team worked with the MET which resulted in one OCG having 7 people charged with over 60 offences, 19 of those in the TVP area.

Working with surrounding forces we have been concentrating neighbourhood policing and Roads policing resources on the M25 corridors to target burglars coming into our areas. In October, a 4 day operation led to 68 arrests (7 in TVP), 26 weapons being seized (1 in TVP), 66 instances with drugs being seized (4 in TVP), and 51 vehicles being seized (8 in TVP).

It is important that you continue to look out for yourself and your neighbours. Are you a member of the Neighbourhood watch? If not, we greatly recommend you join. The NHW aims to make you be and feel safer within your community. As a member you can benefit from discounts on security devices and receive newsletters with expert crime prevention advice. Find out more at www.ourwatch.org

You Said – Drugs are a concern

People may believe that smoking or taking drugs is a victimless crime - think again. As per the findings of a recent police pilot scheme, 150 individuals were arrested for domestic violence and were then drug tested while in custody, 85% of them were found to be under the influence of some sort of drug.

County Lines is another issue we continue to be diligent on and is an example of the wider damage drugs can do to our communities. It is the term used to describe gangs and organised criminal networks involved in exporting illegal drugs into one or more importing areas within the UK, they do this by using dedicated mobile phone lines or other forms of “Deal lines”. County lines not only massively contribute to drug problems, but also create gun and knife crime in the area, as well as economic crime. In some cases, these drug operations can lead to murder. In addition there is a trickledown effect on the users of the county lines, as they will regularly resort to theft and other illegal activity to pay for the drugs, as well as experience mental health issues and paranoia due to the intimidation and pressure from the gang members they buy from.

County lines are known to be involved in modern day slavery, and regularly exploit children and vulnerable adults into moving and storing the drugs and money. They will utilise coercion, intimidation, violence (including sexual violence) and weapons to control people. This is likely to lead to youths carrying weapons for protection. This is a great concern for teachers and parents. We will provide additional support to parents and youths who find themselves involved in CDL.

During the last quarter we utilised our area resources to combat County Drug Lines. Work carried out on the LPA included;

3 warrants being executed

12 arrests

Seizure of 400 wraps of crack cocaine

193 wraps of Heroin seized

90 grams of cocaine seized

11 kilos of cannabis seized

16 weapons seized

£13,000 in cash seized

We have also conducted a variety of community engagement activities. Partnership activities included; patrols, park sweeps, crime prevention events, youth engagement work (including the valuable asset of our police cadet programme) contextual safeguarding activities and assessments, and joint working with local authority. We also conducted train station operations which include the use of police dogs and specialist units. In addition we work with The Children’s Society, and work to raise awareness around the criminal exploitation of children through promotion of the #Lookcloser campaign, you can find more information surrounding this on the children’s society website.

Other Drugs News

There was a change in law regarding Nitrous oxide, as of 8th November 2023, this became a controlled class C drug. Nitrous oxide is used for pain relief in medical settings and has a wide variety of legitimate uses across many industries. The Government recognises that such users are not misusing it for its psychoactive effect. For this reason, an exemption focuses on proper use and distribution. In practical terms, that means those who import or possess nitrous oxide because they plan to inhale it or distribute it for its psychoactive effect will be committing offences. In addition, if businesses or individuals are producing or supplying this with the initial intention for legitimate usage, yet still turn a blind eye to people using it for improper purposes, this will also be an offence. Legitimate businesses, users and organisations will not.

Anyone with information about drug crime can contact Thames Valley Police online or via 101. In an emergency always call 999. You can also contact Crimestoppers anonymously on 0800 555 111 or [crimestoppers-uk.org](https://www.crimestoppers-uk.org)

Other News

Sargent Shaunagh Hall is about to go on maternity leave and we would like to wish her and her family all the best with their new arrival. When Shaunagh returns she will be taking over as Neighbourhood Sargent for the Marlow area. Sargent Hedley Gabriel will be taking her place as of February.

As part of the Violence against women and girls month of action, we have also shared information with residents on how they can support women and girls facing domestic abuse as well as any other violence and exploitation.

'Seldom-heard groups' refers to under-represented people in the community who use or might potentially use health or social services and who are less likely to be heard by these service professional and decision makers. We will be looking to set up engagement events for these groups this year to encourage community cohesion and work to understand cultural differences by listening to different perspectives and finding common ground. We want to be able to ensure all communities have access to Police support to reduce vulnerability and harm.

Fraud - No Blame No Shame

The phrase 'fall for a scam' is often used, but you don't hear 'fall for a burglary'. This kind of language is akin to victim blaming. We need to change the language we use when talking to and about scam victims, to remove the building stigmas and shame that may make individuals hesitant to speak up and report scam incidents to the police.

SCAM Prevention - Text message to Ofcom

Received a suspected scam text message? Forward to Ofcom on 7726 (SPAM on older style key pads) and play your part in stopping the scammers.

Rural Crime

For an update on rural crime please see the Autumn –Winter newsletter. Visit www.csb-forum.org.

Offenders Brought To Justice

A male received a community resolution for possession of an offensive weapon

A male received a community resolution for drug offences

A male received a community resolution for public order

A male received a community resolution for drug possession

A male was arrested and charged for dangerous driving

Have Your Say Events

We have now started our Have Your Say events again so please keep an eye on our social media where we will advertise where we will be.

We have worked to identify areas for us to be present and visible. We want the areas to be key points in each community where people are able to see us safely and feel able to approach us. Times will vary throughout month and locations, due to our commitments often times being unpredictable and also to prevent large gatherings, we will not be publishing times and dates. However we wish to make the community aware of these locations and if you see a Police vehicle or officer at these locations, we are there for you to speak to us, please come and say hello and help us identify any concerns you have or any information you may feel will assist us.
